

How to Submit an Assignment

❖ When you are done playing your assignment, a screen will pop up

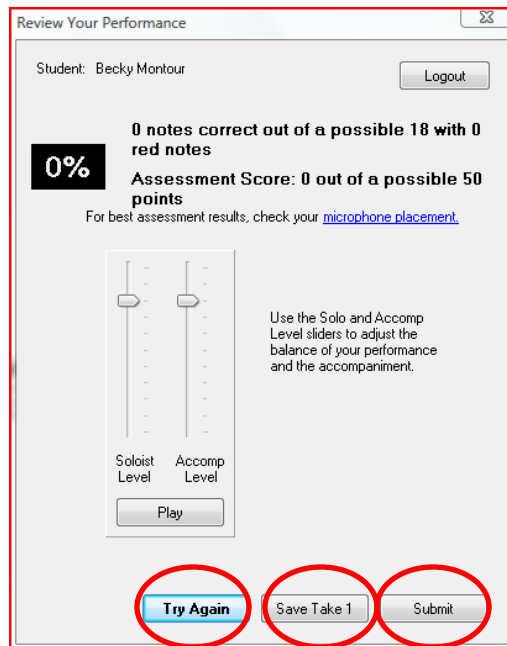

❖ **Review Your Performance** allows you to hear the recording you made before you submit your Assessment and/or Recording to your teacher's gradebook.

❖ Listen to the recording of your performance and the Accompaniment. Adjust the Level sliders while listening to balance your performance with the Accompaniment.

❖ The **Soloist Level** slider controls the volume of your performance.

❖ The **Accomp Level** slider controls the volume of any SmartMusic tracks that were enabled while you made your recording, including the Accompaniment, the Solo Line, and the Metronome Click.

How to Submit an Assignment (cont)

- ❖ **Try Again** allows you to record your assignment again if your score was not high enough the first time.
- ❖ **Takes** allow you to save performances for review at a later date. You will have the option of selecting between multiple takes to send to your teacher.
- ❖ Takes will be saved on a local computer, later you can choose between different takes only if you are using the same computer.
- ❖ **Submit**
- ❖ When you have decided which Take to submit, select it and click the Submit button. *Hint: Submit your best take. Once you hit the submit button, your assessment and recording has been permanently submitted to your teachers gradebook.*
